

## **Land Wanted**

### **For Off Road Motorcycle Trials Event**

**Despite the name of our Club, Waltham Chase Trials MCC, we have a number of members, aged from 6-70, living in and around the Romsey and Winchester area.**

**To enable us to hold local events in we are looking for land that can be used to hold a “Motorcycle Trial” event on, within a 25 mile radius of Romsey.**

**A Motorcycle Trial is a test of balance and control, in which a motorcycle is ridden through a number of “observed sections” which include obstacles such as fallen trees, mud, rocks and hills. The course is marked out using small “flags” that are placed into the ground.**

**The land we use can be anything but flat! Disused pits, quarries, hillsides, embankments, and woods with fallen trees are all good for us. The rougher the better!**

**We typically have about 50-60 riders at each event. Parking is required for their vehicles in an adjacent field or yard that has road access. We have no paying spectators.**

**Our events will cause no lasting damage to the land, are noise controlled, fully insured and regulated by The Auto Cycle Union, the sport’s governing body.**

**We pay owners for the use of land or make a charitable donation to a nominated charity.**

**For more information about our sport and details of what we do please visit our Club Website [www.walthamchasetrials.co.uk](http://www.walthamchasetrials.co.uk)**

**If you have any land that may be suitable please contact Mike Wiseman on 02380 899956 or email [info@walthamchasetrials.co.uk](mailto:info@walthamchasetrials.co.uk)**
